SUMMARY

Aspiring software engineer and web developer with a strong foundation in .NET technologies and a proven track record in delivering robust web applications using ASP.NET Core. Experienced in collaborating with cross-functional teams, optimizing code performance, and crafting user-friendly interfaces with HTML, CSS, and JavaScript. Passionate about continuous learning, automation, and innovative project development.

PROFESSIONAL EXPERIENCE

Perfect Software Solution	Software Engineer 2021 – Present
<ul style="list-style-type: none">Developed and Maintained Web Applications: Engineered scalable and robust web applications using ASP.NET Core, ensuring optimized performance and secure operations.Cross-Functional Collaboration: Worked closely with product managers, designers, and QA teams to gather requirements and deliver quality software solutions.Performance Optimization & Bug Fixes: Conducted code reviews and debugging sessions that resulted in significant performance improvements and the resolution of critical issues.User Interface Implementation: Contributed to the design and development of user interfaces using HTML, CSS, and JavaScript, enhancing overall user experience.	

EDUCATION

B.Tech in Computer Science & Engineering FET Agra College, Agra (AKTU)	Sep 2024 – Present
Note: Will continue if no new backlogs in second semester; otherwise may discontinue.	
Bachelor of Computer Applications (BCA – Distance Mode) Manipal University Jaipur	Jun 2025 – Present

PROJECTS

<ul style="list-style-type: none">Creambell Cbasstes Assets Management System<ul style="list-style-type: none">Description: Developed an enterprise-grade assets management system featuring integrated payment processing via PayU and digital signature capabilities using Aadhaar through eMudra’s e-Sign.Technologies: ASP.NET Core 8.0, PayU API, Aadhaar e-Sign by eMudra, SQL Server, HTML, CSS, JavaScriptKaysons Export ERP<ul style="list-style-type: none">Description: Implemented a comprehensive ERP solution tailored to streamline and manage export processes.Technologies: ASP.NET Core 8.0, Entity Framework, SQL Server, Bootstrap, jQueryElastomia Packages Tracking System<ul style="list-style-type: none">Description: Designed a tracking system to monitor package delivery for an elastic company, enhancing logistical transparency.Technologies: ASP.NET Core 8.0, SQL Server, HTML, CSS, JavaScript	
---	--

- **APIN (Bilty) LinkShortner API**
 - **Description:** Built a RESTful web API focused on shortening URLs for streamlined sharing and tracking.
 - **Technologies:** ASP.NET Core 8.0, Entity Framework, SQL Server, REST API
- **Mathura Waasi Jewellers Label Printing**
 - **Description:** Developed dedicated Windows software to handle the automation of label printing processes.
 - **Technologies:** .NET 4.8, Windows Forms, SQL Server
- **Google Sheet Populator**
 - **Description:** Created a console application to automate data entry into Google Sheets via API integration.
 - **Technologies:** .NET 8.0, Google Sheets API, C#

PERSONAL PROJECT

1. File Management System

- **Description:** Engineered a file management system for efficient file handling and storage using modern database technologies.
- **Technologies:** ASP.NET Core 8.0, MongoDB, HTML, CSS, JavaScript

FREELANCE PROJECTS

1. WordPress Project for Ashish Masale

- **Technologies:** WordPress, PHP, MySQL, HTML, CSS

2. Enchanting Trail

- **Description:** Built a PHP website providing travel guides, dynamic blogs, and a tourist packages management system.
- **Technologies:** PHP, MySQL, HTML, CSS, JavaScript

TECHNICAL SKILLS

- **Programming Languages:** C#, JavaScript, PHP, Python
- **Web Technologies:** ASP.NET Core, Reactjs, nodejs, expressjs, nextjs, HTML, CSS, jQuery, Bootstrap, Tailwind CSS, DataTables.net
- **Database Management:** SQL Server, MongoDB
- **Development Tools:** Visual Studio, Node.js, Git
- **Other Skills:** REST API development & testing, API integration

CERTIFICATIONS

- **AI for Beginners:** Certificate of Completion
- **Mega Career Guidance:** Certificate of Participation

STRENGTHS

- **Problem Solving:** Effectively analyzes issues and implements practical, efficient solutions.
- **Adaptability:** Thrives in dynamic environments with a demonstrated ability to quickly learn new technologies.
- **Work Ethic:** Committed to delivering high-quality work on time.
- **Collaboration:** Excellent communication and team collaboration skills.
- **Attention to Detail:** Ensures accuracy and precision in every project aspect.

ADDITIONAL INFORMATION

Languages

- English (Fluent)
- Hindi (Fluent)

Interests and Hobbies

- Passionate about AI and automating tasks
- Enjoy hiking and exploring nature
- Interested in learning new things about technology
